Human Resources (HR)

Policy से लेकर रंगोली तक, सब यही बनाते हैं

Appraisal से लेकर हर छोटी मोटी Update इन्ही से होकर जाते हैं

CV से CCTV तक - Resume से Resignation तक

सबके कर्ता-धर्ता - "व्यापार के सूत्रधार" – HR

Playing Jokes on HR is easy,
but playing role of HR is not a joke

अच्छा Organisation कैसे बनता है?- अच्छे Culture से

अच्छा Culture कैसे बनता है?- अच्छे लोगों से

अच्छे लोग कौन लेकर आता है?- HR

लेकिन एक Entrepreneur जब शुरुआत करता है

तो उसके पास Human Resource का कोई Source नहीं होता

आप भी जब किसी भी Business की शुरुआत करते हो तो=>

आप ही Sales करोगे , आप ही Marketing करोगे, आप ही Client से बात करोगे

आप ही Production और Tech Team हो, और आप ही HR हो

यहाँ तक की झाड़ू पोछा भी खुद ही लगाओगे

Piyush Bansal ने जब Singapore में Lens kart store खोला
Launch से एक दिन पहले, रात 1 बजे तक खुद Store की सफाई की थी

Bhavesh Agarwal शुरुआत में भाड़े पर कार लेकर, खुद ही Taxi चलाने निकल जाते थे

क्यूंकि Drivers और Cars मिलने में बहुत दिक्कत आती थी

Deepinder Goyal खुद, restaurant और Delivery Partner ढूढ़ने निकल जाते थे

कहने का मतलब है manpower hiring से पहले, Man को खुद का power दिखाना पड़ता है

गलत Hiring ऐसे है जैसे,
किसी लोमड़ी को Poultry Farm में पालना

Q1. अच्छी Manpower को कहाँ से ढूँढे?

Q2. अच्छे लोग भी 3-4 महीने में ही छोड़ जाते हैं, Retain करने के लिए क्या करूँ?

Q3. Employees को कोई भी Issue के लिए Process कैसे बनाए?

Q4. Owner की Presence के बिना, Employees की Productivity और Consistency कैसे बनाए रखें?

Q5. Satisfied Employees को Engaged कैसे रखूँ?

Q6. Employees की Training और Skill Development कैसे करूँ?

Q7. Employees को क्या Benefits दूँ, की उसको ज्यादा Salary मिले तो भी भी छोड़ कर नहीं जाए?

Q8. Employees को Incentives और Promotions कैसे दूँ?

Q9. Appraisal में सब ज्यादा से ज्यादा Increment चाहते हैं, एक Effective Appraisal Process कैसे बनाऊ?

Q10. Employees की Performance को कैसे Measure और Manage करूँ?

Q11. Work From Home और Field Workers की Performance को कैसे Track करूँ?

Q12. Employee काम सीखने के बाद मेरा Competition ना बन जाए, इससे कैसे बचा जाए?

"I'd rather interview 50 people
and not hire anyone
than hire the wrong person."
— Jeff Bezos —

Talent Acquisition

अगर आप एक छोटी Company के Owner हो

तो सबसे बड़ा Challenge होता है Talented Manpower हो Hire करना

Talented Individuals या तो आते ही नहीं हैं और आ भी गए तो जल्दी ही छोड़ जाते हैं

लेकिन अगर आपका HR Efficient और Effective है तो यह मुश्किल सा दिखने वाला काम भी

आसान हो जाता है

If you hire people who are smaller than you - You shall become a company of Dwarfs
So, hire people who are bigger than you - You will become a company of Giants

यदि आप अपने से छोटे (कम समझदार) लोगों को काम पर रखते हैं तो आप बौनों की कंपनी बन जाएंगे
इसलिए, अपने से बड़े (ज़्यादा समझदार) लोगों को काम पर लें – आप दिग्गजों की बहुत बड़ी कंपनी बन जाएंगे

If you find someone who's great,
don't wait until there's a job opening
hire him and create space for him

Don't Hire Talented People – Hire Relevant People

Bringing the right people on board saves you thousands

Hiring wrong person is the costliest mistake you can make

Hiring is a Systematic Process. If not Done Properly, It will Result in Loss in Future

Hiring a Wrong Person Even at a Lower Salary will Cost you More in Future

-Wrong Hire is a Huge Cost-
Time Consuming | Expensive | Disruptive | Negative

Talent Acquisition Process

1. Lead Generation - Sourcing
2. Prospecting Top Candidates
3. Interview and Assessment
4. Evaluating References & Background Verification
5. Selecting the Best Candidate - Recruitment
6. Onboarding - Joining Formalities/ Documentation etc.
7. Metrics to Use for Talent Acquisition

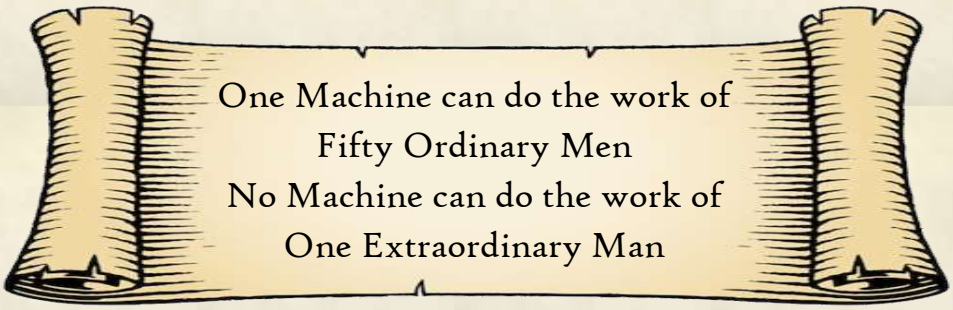
1. Lead Generation - Talent Sourcing

- Talent sourcing is the starting point of the recruitment process
- Recruitment is Marketing. If you're a recruiter and you don't see yourself as a marketer
  you're in the wrong profession.
- Sourcing is the most important. You can't recruit, someone you haven't found.
- Talent Sourcing is hard. It's just finding the needle in the haystack.

2. Prospecting the Top Candidates

1. Job Title
2. Shift Timings
3. Job Location
4. KRA/ KPI
5. Strengths
6. Education
7. Job Summary
8. Team Handling
9. Job Challenges
10. Experience
11. Expertise
12. Overall Expectation
13. Reporting Structure
14. Travel Requirement
15. Salary Expectation

- No Matter how Successful you are, The Future of your Business Depends on the Kind of People you Hire
- The moment you feel the need to tightly manage someone, you have made a hiring mistake.



Example 1. Booking.com

- Taking candidate-focused content to a whole new level.
- The team at Booking.com has put together a fun, interactive multimedia experience on the workingatbooking.com website.
- Candidates can explore career options and watch videos introducing their prospective teammates, check out a day in the life at various offices, and learn about how certain product decisions were made.
- There are blog posts, photos, videos, infographics and Working at Booking content available
- The site also addresses common candidate questions and concerns
- There's even an option to create a job alert so a candidate who doesn't find the right role open right now can be notified when something relevant comes up.

Example 2. Kronos

- ENCOURAGE EMPLOYEES TO BOOMERANG
- Kronos values their employees so much they encourage those that leave to return to the company in the future, also known as "boomeranging."
- They have a specific Boomerang section on their careers page to help past employees navigate their next career with the company.

3. Interview and Assessment

1. Hire People who are Aligned to your Vision and are Ready to Implement them.
2. Hire 'A Category' People who can Challenge Status Quo of the Industry and have Revolutionary Mindset
3. Hire People with High Energy & Give them Extra Responsibility
4. Hire & Promote those who Focus- Concentration is Biggest Ingredient of Disruption & Innovation
5. Create a Maker Culture- Hire Passionate & Deeply Absorbed People Who can drive things on their own

- **Do's and Don'ts of Conducting an Interview**
  - Do your homework well – Read the Candidate Profile
  - Pre-Prepare Smart and Open-Ended Questions

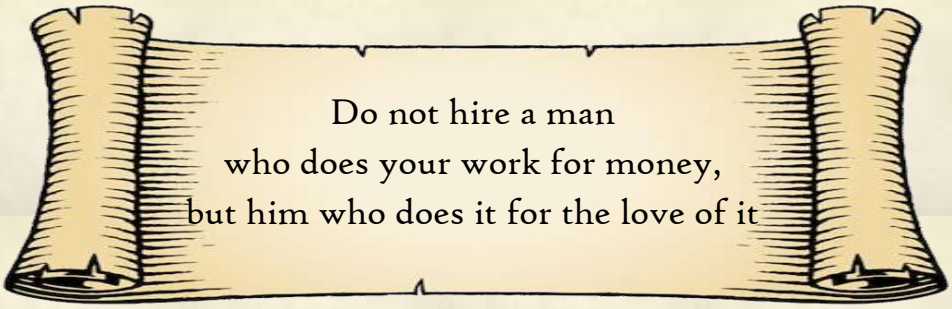
- **Worst Questions to ask in an Interview?**
  - Are you Single/ Married/ Going to get married?
  - Have you ever been convicted or arrested?
  - Who did you vote for?
  - What is your religion?

- **Evaluate Potential - Performance - Skill - Will**
  - Potential- Ability to Grow in Future
  - Performance- Past Record of Work
  - Skill- Ability to Perform Task
  - Will- Willingness to perform Task

- **Check if the Candidate is Culturally Fit?**
  (What I ask in the Interviews I take?)
  - What is your Dream Job?
  - What Kind of Boss Would You Like to Work With?
  - What Kind of People gives you Comfort?
  - In what type of work environment are you most productive?
  - What gets you excited about coming to work?
  - If you were going to start your own business, what would it be?
  - What's the biggest problem in most offices today?

- What did you like most/least about your last company?
- When was the last time you made a big mistake at work?
- How do you handle stress or tight deadlines?
- What 3 things do you need to succeed in this position?
- Describe your Management Style.
- What management style motivates you to do your best?
- What's most valuable lesson of your professional career?
- What does a successful company culture look like to you?
- What most appeals to you about this role?
- How do you give/respond to critique?
- How have you changed over the last five years?
- What motivates you to do your best work?
- How do you handle disappointments?
- How do you manage conflict with co-workers?
- Describe a time when you exceeded people's expectations.
- What does work-life balance mean to you?
- What would be your ideal work schedule?
- What do you do for fun?
- What is Being Successful to You?
- How do you manage stress and conflict among your team members?
- Why did you choose to apply here?
- What is your biggest management weakness? Loss Suffered
- How do you delegate tasks to your team? What do you keep in mind?
- How do you review performance of your team?
- How often do you think team should be reviewed?
- Share one incident reflecting your Problem-Solving Skill
- One word that describes you the best.
- What Are Your 3 Biggest Accomplishments?
- Explain the rationale behind each of your career moves.
- In your own words, can you tell me what we do?
- What do you think are the biggest challenges our industry will face in the next 5 years?
- What is the biggest challenge you have faced in your career?
- How did you overcome it & what did you learn from it?

- What type of corporate culture do you aim to promote and how do you create that culture?



- Hire an Attitude, not just Experience and Qualification
- Hire people brighter than you and then get out of their way.
- Hire Character. Train skill
- Dating and hiring have a lot in common
- Never hire someone who knows less than you do about what he's hired to do.

4. Evaluating References and Background Verification

- Credit History
- Re-Hire Status
- Medical History
- Past Experience
- Personal Background
- Criminal Verification
- Identity
- Credibility
- Education Check
- Reference Check

5. Selecting the Right Candidate - Recruitment

- Decide Whether External Hiring is Really Necessary or Internal Promotion Will Do
- Preference Should be Given to Internal Promotion over Helicopter Landing
- To Hire is to take people Higher...

Your Human Talent is your Most Important Talent

- **Internal Method of Recruitment**
  - Promotion
  - Employee Referrals
  - Recall from Long Leave
  - Transfer
  - Retired Employees
  - Previous Applicants

- **Merits of Internal Method of Recruitment**
  - Employee Motivation
  - Employee's Loyalty
  - Cost Effectiveness
  - Simplified Process
  - Reliability
  - Time Saving

- **Demerits of Internal Method of Recruitment**
  - Lack of Fresh Talent
  - Encourages Favouritism
  - Limited Scope
  - Raise Conflict

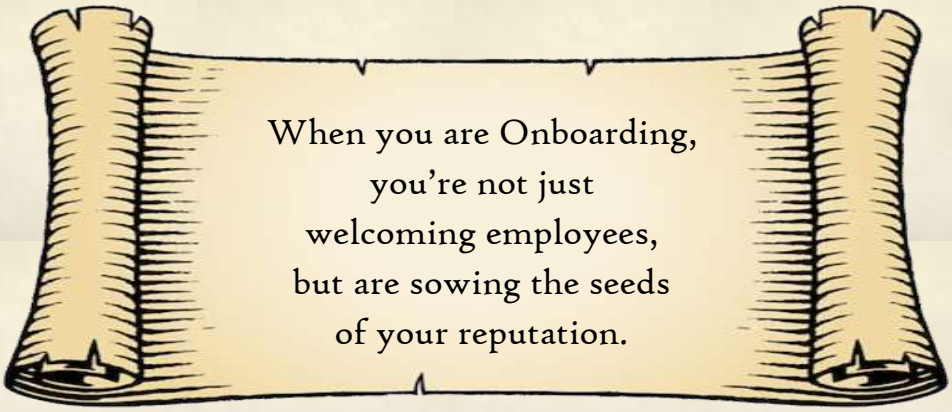
Internal Method of Recruitment	External Method of Recruitment
Quick Process	Lengthy Process
Search Candidate within Organization	Search Candidate outside Organization
Cheaper Process	Costly Process
Fresh Talent Diminished	Infusion of New Talent in Organization
Save Time of Officials Responsible	Time Consuming due to External Sources

6. Onboarding

People | Process | Documentation | Policies

Employees who participate in a structured Onboarding program are 69% more likely to stay with an organization for 3 years.

It takes 8-12 months for new hires to be as proficient as their tenured colleagues.



- **4 Cs of Successful Onboarding**
  - Compliance- Includes teaching basic legal and policy-related rules and regulations
  - Clarity- KPI driven clarified expectations- अभी कहाँ हैं? जाना कहाँ है? कैसे जाओगे?
  - Culture-VMV- Vision Mission Values- Specially Core Values
  - Connection- Refers to horizontal and vertical relationships must establish during onboarding process

- **Employee Onboarding**
  - Employee onboarding is the first interaction an employee has with the organization right after the lengthy interview process.
  - Memorable onboarding experience not only makes employees feel welcome but also helps them gel with the organization family faster.
  - They are not human resources. They are resourceful humans.

- **Onboarding Process Flow**
  - Releasing the Offer
  - Offer Acceptance
  - Waiting Period

- The Day of Joining
- Follow the Onboarding Checklist
  - ✓ Keep the orientation schedule ready
  - ✓ Assign IT assets (workstation, email access, etc.)
  - ✓ Obtain necessary office supplies (furniture, keys, access card, etc.)
  - ✓ Set up a salary account
  - ✓ Assign a go-to-person who can help the employee settle down
- Induction / Orientation
- The First Quarter

Example 1. Digital Ocean

- A People-First Hiring Experience
- A balloon on their desk so other employees can find and welcome them.
- A handwritten welcome note, a bouquet and cake

Example 2. X (Twitter): From 'Yes to Desk'

- It has over 5,000 employees in 35 offices globally.
- Over 75 steps between Recruiting, HR, IT, and Facilities.
- Before the employee sits down, they have their email address, a T-shirt, Personalized stationary name & Photo.
- New employee desks are strategically located next to key teammates they will be working with.
- On the first day, new team members have breakfast with the CEO followed by a tour of the company office.

Example 3. Google

- Onboarding that helps put a name to the face
- The HR team puts up new hire profiles around their office so that everyone onsite can quickly learn the names and faces of new employees and make them feel welcome.

Example 4. Quora

- Quora concentrates on mentorship by allocating a personal mentor to each new hire.
- Organize 12 onboarding talks over the first 12 weeks, First 90 Days Build Next 9 Months

7. Metrics to Use for Talent Acquisition

- **Offer Acceptance Ratio** = Number of Offers Accepted ÷ Total Job Offers Extended
- **New Hire Failure Rate** = No. of New Hires who Quit or are Fired ÷ Total No. of New Hires in that Time Frame
- **Percent of New Hires that Leave in 90 days** = New hire quits (within 90 days) ÷ All new hires
- **Employee Referral Program Success** = Number of Referrals ÷ Number of Open Jobs
- **Cost Per Hire** = All Recruiting and HR Staffing Costs ÷ No. of New Hire
- **Time to Fill** = Date of Offer Acceptance – Date when the position was Opened

Talent Engagement

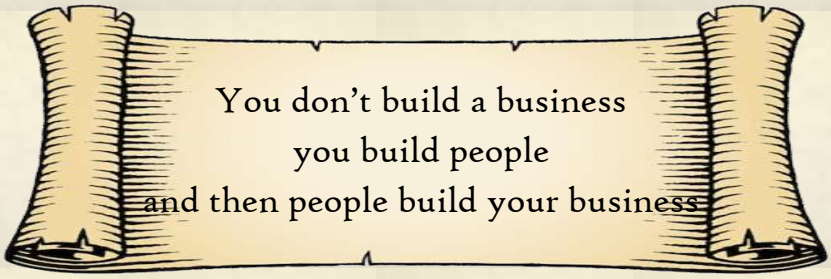
Disengaged Employees=> High Turnover + Reduced Productivity

Poor communication leads to misunderstandings and frustration

High Level Engagement	Low Level Engagement
2.5X Revenue Growth	81% employees think of Leaving
2X Annual Net Income	33% professionals get bored
24% higher Net Promoter Score	85% employees are disengaged

Solution=>

- Recognize employee achievements
- Provide opportunities for professional development
- Create Strong work-life balance
- Conduct regular feedback sessions



- **Talent Engagement**
  - If you want to keep your employees engaged
    Don't give them tasks, give them Responsibilities
  - Studies show that engaged employees are happier, more productive, and a lot more likely to stick around
  - Businesses that have engaged employees are five times as likely to be more successful
  - The simplest way to stop your employees from leaving is to develop a plan to make them stay.
  - In order to build a rewarding employee experience, you need to understand what matters most to your people.

- **Talent Engagement Activities**
  - Workplace Parties
  - Learning Lunches
  - Games & Competitions
  - Tournaments
  - Festival Celebrations
  - Heath Check-up Camps
  - Blood Donation Camp
  - Value Based Recognition
  - Recognition Programs
  - Team Building Activities

- Fundraising Activities
- Family Day/ Kids Day
- Training Programs
- Weekly Review
- Company Magazine
- Grievance Handling
- Identify the Drivers
- Spend time with Employees you want to really Nurture
- If you treat them like employees - they will do a job
- Establish a clear vision for the future
- Measure both - Output and Input
- Set constant challenges
- Include Employees in Company Strategies
- Make sure your leaders follow through on their promises
- Respect employees
- Maintain Transparency
- Newsletter
- No Micromanagement
- Problem Solving Meets
- Suggestion Box
- Set your own Goals
- Motivational Speaker
- Open Brainstorming
- Lead by Example
- Involve, not Inform
- Keep Repeating Words of Recognition;
- Do not Feel you Only Need to Say them Once
- Know Who Your Allies Are - Build Positive Change Agents
- Random Acts of Fun (RAF)
- Share Reference Stories of Best Practices
- Establish leadership pipelines
- Use technology to provide constant learning opportunities
- Encourage Accountability
- Hire only Culturally Fit People
- Create a Courageous Culture
- Build a mindset where everyone contributes
- Catch People doing the Right Things

- Bada Business Culture
  How much you did/How much you could do X 100

- **Merits of Engaged Employees**
  - Improved Business Performance
  - Increased Productivity
  - Higher Sales | Higher Profitability
  - Higher Employee Retention |
  - Low Turnover
  - Cost Saving => Intrinsically Motivated
  - Improved Innovation
  - Better Customer Service
  - Greater Loyalty
  - Low Absenteeism
  - Better Quality of Work
  - Improved Competitive Advantage
  - Increased ROI in Employees
  - Positive Environment | No Negativity

- **Engagement Examples =>**
  - **Razor pay=> "Rockstar Awards":**
    - ✓ Public recognition for outstanding achievements and contributions.
    - ✓ Also, annual employee stock buyback programs=>
    - ✓ Wealth creation opportunity for employees
  - **Zomato=> "Founder's Circle":**
    - ✓ Invites high-performing employees to exclusive events and meetings with the CEO.
  - **Infosys:**
    - ✓ Implements "Springboard," a career
    - ✓ Development program with personalized learning paths and mentoring opportunities
  - **Mahindra & Mahindra**
    - ✓ Provides employees with
    - ✓ Access to mental health counsellors and a "Happiness Coach" program.

- **Gamification for Employee Engagement**
  - Gamification increase Employee Engagement by over 60%
  - and Productivity by over 50%

- **Steps to Implement**
  1. Identifying key performance indicators (KPIs) and setting clear goals.
  2. Designing incentive systems that reward employees for achieving those goals.

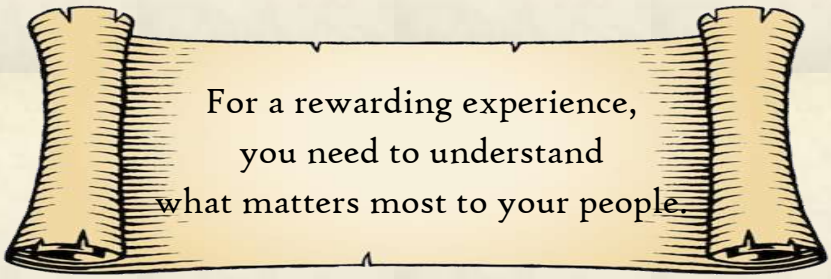
- **Common types of Gamifications**

  1. **Point systems**=> Employees earn points for specific actions that can be redeemed for rewards.

  2. **Leaderboards**=> Publicly compare employee performance on tasks.

  3. **Challenges/quests**=> Set goals for employees to achieve, either individually or in teams.

  4. **Virtual badges/achievements**=> Visually reward employees for reaching milestones (anniversaries, targets, etc.)



- **Recognition has Higher Value than Money**
  - No Money + No Recognition => Likelihood of Staying is Lowest
  - Money + No Recognition => Likelihood of Staying is Less
  - Less Money + Recognition => Likelihood of Staying is More
  - Money + Recognition => Likelihood of Staying is Highest

- **Training and Development for Employees**
  - How to decide your employees need training/ development
  - When your organization faces a knowledge or talent gap

- When you need performance improvements in certain areas
- When there is a requirement to address specific skill gaps
- When your organization is undergoing technological updates
- The only bad training is the one that didn't happen.

Employee को बिना training के job में Continue करवाने से बड़ी गलती और कुछ नहीं हो सकती - Henry Ford

✓ कैसा महसूस किया (Reaction)

✓ क्या सीखा (Learning)

✓ क्या परिवर्तन आया (Behaviour)

✓ क्या कमाया (Results - ROI)

- **Employee Satisfaction**
  - It's possible for some employees to be satisfied with their job without being highly motivated and engaged.
  - However, you can't have high engagement with low satisfaction.
  - Very few people can stay motivated and productive when they're unhappy.
  - Improving job satisfaction is one of the first steps towards increasing engagement

- **Ways to Measure Employee Satisfaction?**

  1- Conduct Employee Satisfaction Survey

  2- Use Employee Net Promoter Score (NPS)
    - It's calculated based on a survey that asks a single question: On a scale of zero to ten, how likely are you to recommend our company as a place to work?
    - Promoters (9-10) | Neutral (7-8) | Detractors (0 – 6)

  3- Install a Suggestion Box
    - Suggestion box is a great way to encourage employees to voice their opinions and concerns without fearing that they'll get punished
    - Instead of waiting for you to ask the right questions your team can share their thoughts in the moment

  - Make sure that it's visible and easily accessible to all employees.
  - Act on relevant suggestions => It shows them how much you value their inputs and contribution
- **Metrics to Use for Talent Engagement**
  - **Revenue Per Employee** = Total Revenue ÷ Total Number of Employees
  - **Job Satisfaction Rate** = No. of People whose Reports are Satisfied ÷ Total No. of Employees
  - **Profit Per Employee** = Business Profit Number of Employees

Example - NDTV

- Journalist & Anchor => Shift Started at 7 AM =>
- By 8 AM => Tea & Biscuits at Table =>
- 9 AM Sharp => Buffet was Organized Daily
- Evening Tea & Dinner was Also Available In-house
- No Tension of Ordering & Later Reimbursement
- Employee was living in a PG => By this arrangement his food needs were automatically met
- Appraisal was not done due to recession => But still employee stayed there for long

Example - Infosys

- Snacks => 7:30
- Maximum exit punches => 7:45
- Maximum bachelors used to take snacks at 7:30 and leave
- HR got hold of this
- Formulated New Policy => 7:30 Snacks - Minimum
- 9pm stay
- You don't build a business you build people and then people build your business

- **Organizational Culture Eats Strategy for Breakfast**
  Signs of Toxic Company Culture
  - Core Values Are Absent
  - Office Gossip is Rampant

- Turnover Is High
- Unfriendly Competition
- Favouritism
- Employees Leave Bad Reviews of the Company
- Company Doesn't Invest Back in Company
- Employees aren't Acknowledged or Rewarded
- No Internal Promotion
- Supervisors Publically Criticize Subordinates
- Lack of Accountability
- Competition over Collaboration
- No Work Life Balance
- People Work on Weekends without Compensation

- **Culture and Strategy Should have Breakfast Together**
  - **Google** - Hires Self-driven People
  - **HubSpot** - No-door Policy => Everyone has access to anyone in the company
  - **Disney Studios** -Hires People who Align with their Vision
  - **Netflix** - Trust is the keyword of Netflix Culture | Netflix doesn't Measure Employees' Efforts by Work Hours but by the End Product
  - **Meta** (Facebook) - Meritocracy
    80% Employees Appreciate that CEO Mark Zuckerberg Works in the Open Office Space Alongside
  - **Adobe** - Stock Options |Clear Growth Path | Unbiased Atmosphere | Benefits for Overwork | Realistic Targets
  - **Bada Business**
    - ✓ अगर Employees की तनख्वा एक दिन लेट हुई तो Finance Department की एक महीना लेट आँएगी
    - ✓ Relationship | Gender | Tenure |Caste |Religion के आधार पे नहीं जो काबिल है - उसी को आगे बढ़ाया जायेगा (Meritocracy)
    - ✓ शिकायत या तो उससे लगाओ जिससे दिक्कत है या फिर उसके बॉस से (No Gossip)

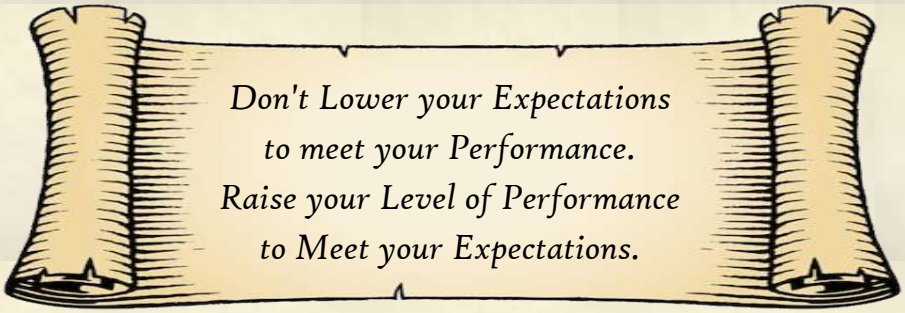
Provide constructive feedback regularly and reward performing employees

"The greatest asset of a company is its people"



1. KRA / KPI

Studies show that only one in two employees knows
what is expected of them at work
This means that half of your workforce has no clue what they're doing at work

- **Key Responsibility Area (KRA):** Each employee has responsibilities based on their job role. These responsibilities are called KRAs
- It is a qualitative measure or metric as it defines the areas that can help in achieving the objectives
- **Key Performance Indicators (KPI):** The KPIs are measurable indicators used to gauge how well a Business Unit or Organization is doing - Revenue, Profitability, Customer Satisfaction, Employee Engagement, Net Promoter Score, and many others
- It is a quantifiable measure or metric, meaning it gauges the performance of a product/service

- **KPIs of Sales Force**
  - Average profit margin on sales
  - Average Order Value
  - Lead Conversion %
  - Sales Change (MoM)
  - Sales Target %
  - Average Sales Cycle Time

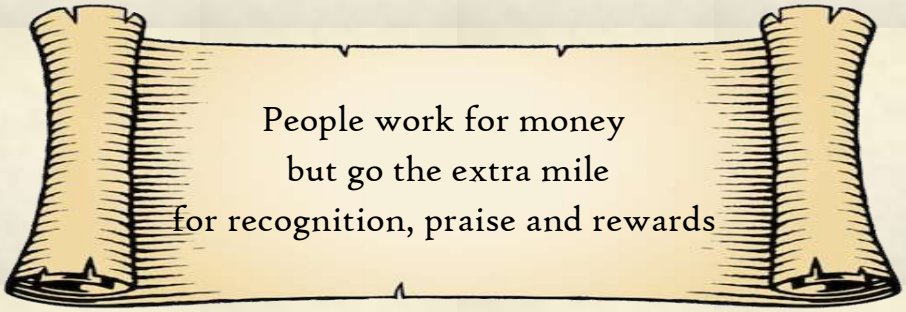
  6. The Contrast Effect
  7. The Recency Bias
  8. The Similar-to-me Effect
- **Significance of Performance Management**
  1. Maintain Increased Employee Efficiency
  2. Identifying Strong & Weak Links
  3. Determining Appropriate Compensation
  4. Improving Workplace Productivity



- **Self-Evaluation**
  - Without Proper Self-evaluation , Failure is Inevitable
  - It is when an Employee Evaluates his/her Own Performance
- **Net Promoter Score**
  - NPS between 1to 10, represents Willingness of Client to Recommend Company's Service to Potential Clients
- **Product Defects / No. of Errors**
  - Defects are the Indication of Low Work Quality and should be kept as Low as Possible
- **360 Degree Feedback**
  - Multi-Perspective View of an Employee's Performance through Feedback of Subordinates, Customers and Managers | Other Department Heads | All Stakeholders
- **180 Degree Feedback**
  - Simpler Version of 360* Feedback
  - Feedback is taken only from Direct Subordinates and Direct Reporting Manager
- **Peer Assessment**
  - Employees in Similar Positions Appraise an Employee's Performance
  - It is based on the Assumption that Co-workers are most familiar with an Employee's Performance

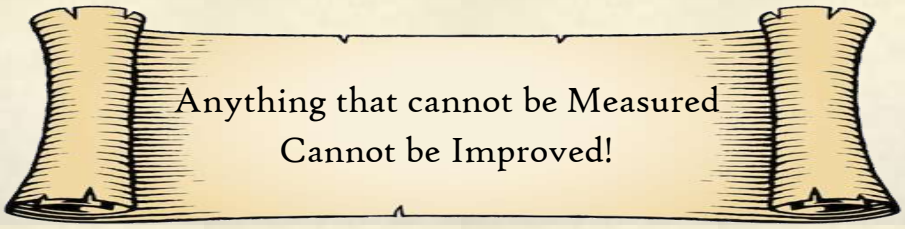
- **Cost Accounting Method**
  - This Method Analyses an Employee's Performance through the Monetary Benefits he/she yields to the Company
  - It is Obtained by Comparing the Cost of Retaining an Employee (CTC) and the Monetary Benefits (Contributions) an organization has Achieved

- **Mistakes while doing Performance Review**
  - It is a One-Way, Top-Down Process in which the Boss Serves as Judge and Jury of Employees' Behaviour and Achievements on the Job
  - Performance Review is a Two-Way Process
  - Employee should have written a Self-Appraisal prior to the Review Meeting
  - You'll find that your Top Performers will Usually Rate themselves Lower than you do. That's because they have High Expectations for themselves—often Higher than you have for them
  - Vice Versa, Your Poorest Performers will often Rate themselves Higher than you Rate them

3. **Productivity Management**

People are not your most important asset - The right people are.

You will not be able to Increase your Productivity if you cannot Measure it!



How to Measure Productivity?

$$\frac{\textbf{Total Output}}{\textbf{Total Input}} = \textbf{Productivity}$$

Input vs. Output

Total Input	Total Output
Quantity of Food Consumed by Cow	Quantity of Milk She Gives
No. of Matches Played by a Batsman	No. of Runs Scored in all Matches
Rs. 1L Spend on Advertisement	1000 New Customers Acquired

Petrol put in Car = X Ltr.	Kms Car Ran = Y Kms
No. of Matches Played by a Batsman	No. of Matches he Became Man of the Match
Total Population	No. of People Getting Awareness about Polio
Total Population of Kids	No. of Kids Received Polio Vaccination

4. **Succession Planning**
    - Getting the Right People - with Right Skill in the Right Place - at Right Time
    - Preferably Leaders needs to be developed from within the Company rather than Bringing from Outside
    - If a leader does not inspire his team, they will expire.

- **Readiness for Succession Planning**
    - What happens when you leave something to the last minute? It Never Turns out as Good as it Could
    - Lack of Solid Emerging Leaders puts Company's Long-term Competitiveness is at Risk
    - Don't Find Fault, Find a Remedy
- **Benefits of Succession Planning**

    - Managing Managers to Functional Head
    - Functional Head to Business Head

- Business Head to CEO
- CEO to Chairman

Post COVID HR Trends

HR Trends 2020 Onwards

If 2020 taught us anything, it's that companies that don't transform will get left behind by those that do

How to maintain the company culture while employees work remotely?

How to manage remote workforce while keeping them engaged?

What should be the right HR technology tools to embrace the new work approach?

1. **Virtual Working**
   - Work-from-home has become the 'new normal'
   - Remote work => Flexible working hours / Saving time / Save Cost on commuting/ Worker Centric etc

2. **Digital Tracking**
   - Virtual Timesheets, Virtual Attendance, and Virtual Performance Management and Tracking are trending

3. **Gig Economy**
   - Gig Economy => Where people like to work independently It is witnessing a sharp spike as people are increasingly looking to work on their terms and conditions
   - Like Freelancers and Consultants
   - Transportation=> Uber, Ola, Rapido
   - Food delivery=> Zomato, Swiggy, Dunzo, Zepto
   - Grocery delivery=> BigBasket, Grofers, Blinkit
   - Logistics=> Delhivery, Ecom Express, Shadowfax
   - Freelancing platforms: Upwork, Fiverr

- Beauty and wellness: Urban Clap, WowSalon, MyGlamm
- Healthcare: Practo, Lybrate, Mfine

4. **Cloud Based HR Systems**
   - Companies have made huge investments in HR technology, with a focus on cloud-based HR systems that can be easily accessed anytime, from anywhere, with complete privacy of data
   - Remain connected and updated with employees
   - Access employee data in real time
   - Track employee schedules
   - Focus on workforce planning for uncertain situations
   - Smoothen virtual communication, collaboration and engagement
   - Provide reports, dashboards and analytics to managers and HR for informed decision making
   - Set agile goals, monitor employee performance and provide feedback
   - Implement right performance assessment and compensation systems
   - Implement employee-self-services portals to empower employees

5. **People Analytics**
   - Data-driven insights will be used for Improving Engagement, Effective Performance Management
   - A Deloitte report shows that 71% of worldwide organizations consider "People Analytics" a high priority for their companies as they provide good business insights
6. **Data Becomes the New Currency**
   - Data is critical => Top HR Heads are using Talent Analytics to make Decisions rooted in Data

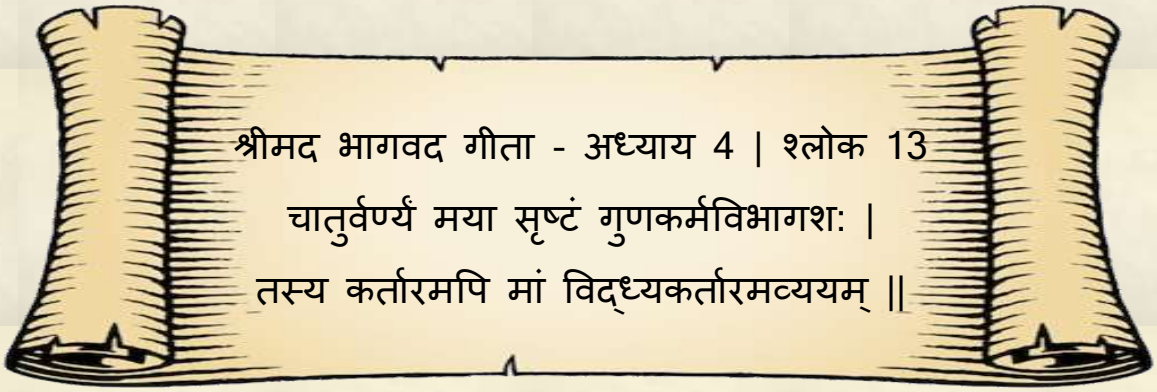
7. **Digitization & Automation**
   - If HR department still uses paperwork, it should be digitized.
   - If any of HR work is repetitive, it should be automated.

- An average HR department in a company spends up to 40 percent of their time on repetitive and tedious tasks Onboarding- Everything from resume collection, screening, and online tests can be automated
- Handling accounting, payroll, and expense claims.
- Employee timesheet and productivity management.
- Approving/ rejecting leave requests

8. **Measure Data that Matters**
   - Tracking value-adding data related to key problem areas of the organization will create more return
   - HRBP capabilities (Human Resource Business Partners) HRBPS should be taught to read, understand, and communicate data as information for this to be solved.

Talent Retention

- Talent Retention is a Litmus test for whether your Employees feel Engaged in their Work.
- Any churn rate greater than 10% suggests a problem in your internal practices
- Treat your employees with the same respect they give you; they will enjoy working with you.
- It takes a lot of time and energy to build a great employee and only a second to lose one.
- When you appreciate your employees, they will reciprocate it a thousand times.



- **Employee Engagement in Ramayana**

"Right recognition can help your team members perform beyond their existing potential and capacity"

"Recognize and appreciate right efforts and contributions"

How much you did/How much you could do*100

- **Improving 7/10 is Better Than Improving 3/10**

Outsource Eliminate Integrate Hire - 3/10

Cultivate and Develop - 7/10

- **There are two types of LOVE**

1. Personal Interaction

2. Process Interaction (Best HR Practices)

I don't pay good wages because I have a lot of money.
I have a lot of money because I pay good wages
If you pay peanuts, you get monkeys

- **Employee Benefits**
  - Employees Love Benefits Apart from appreciation & recognition, they also want perks & benefits
  - One machine can do the work of fifty ordinary men. No machine can do the work of one extraordinary man.

Example - HCL Infosystems

- Prime focus is on anything that the employee needs
- Employee First program =>
- 5 Important Things => Support, Knowledge, Recognition, Empowerment, and Transformation

Talent Off Boarding

Giving a bad experience to an employee at the time of exit is the worst mistake an organisation can do.
In India, only 20% companies have a formal and employee friendly exit process

Talent Off - Boarding

1- Terminating an Employee
2- Off Boarding Process/ Formalities
3- Exit of an Employee

Ankur had a good-for-nothing donkey.
The donkey was wild, unruly, lazy, and obstinate and would not obey Ankur and all efforts to train the donkey failed

Soon the donkey became such a nuisance that Ankur and his wife decided to sell off their useless donkey and purchase a good one.

So Ankur took his good-for-nothing donkey to the weekly fair where animals were bought and sold by auction.

"I want to sell this good-for-nothing, lazy, useless, disobedient donkey," Ankur shouted.

A man offered 500 rupees and Ankur was delighted to get this unexpected prize for his useless donkey.

Ankur roamed around the fair and suddenly saw a huge crowd around an auctioneer who was auctioning a handsomely decked-up donkey wearing a crown. The auctioneer talked about donkey's strong muscles, "look how strong & supple this donkey is – it is so hardy that it can wok tirelessly for hours carrying heavy loads. An excellent beast of burden."

Someone bid 1,000 rupees.

"What? Only a 1000 rupees for such an intelligent donkey?

Just look at his eyes. He's a wonderful donkey. You can let him carry your children home with assurance that this kind animal will protect them from any harm. For he is a strong loyal friend..."

Someone bid 3000 thousand rupees.

The auctioneer continued talking about the donkey's value and and as he laid it thick and praised the donkey's qualities the bids started going higher and higher.

The auctioneer went on and on extolling the donkey's virtues which so impressed Ankur that he suddenly bid 10,000 rupees, won the bid and bought the donkey.

He triumphantly led his prize donkey home and told his wife that he had sold their good-for-nothing useless donkey for rupees 500 and bought this wonderful new donkey for 10,000 rupees.

Ankur 's wife had a close look, realized that the decked-up donkey was their own lazy good-for-nothing donkey and was furious with Ankur and shouted at him, "are you crazy Ankur.

This is our own useless donkey - you sold it for five hundred rupees and bought it back for ten thousand rupees?"

A stunned, bewildered and baffled Ankur looked closely at the donkey for some time, then recovered his wits, and said, "Maybe I did not appreciate the true worth of my donkey until the auctioneer explained it..."

It's true, isn't it?

Sometimes we don't realize the value of what we have or the worth of those close to us, till someone else appreciates it.

Attrition cost up to 2.5 times the salary of an employee

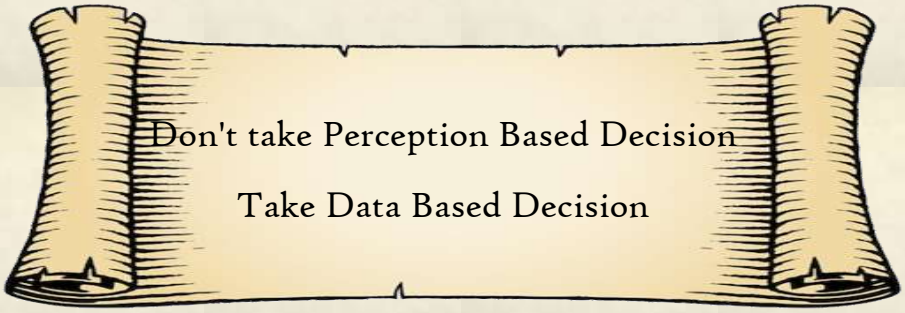
With an exit, there is an additional cost incurred on advertising for the job role, recruiting a new person, and training of the new employee

During an employee's lifecycle, the organization incurs expenditure on training, skill development, rewards, insurance etc.

- **Employee Exit**

Don't have exit meetings – have 'Stay' meetings Rather than farewelling disengaged employees that have decided to jump job, have 'stay' meetings before a goodbye is necessary

"When you grow talent, you know the pain of wasting it."



बेटा झूठ बोल सकता है डेटा झूठ नहीं बोल सकता !

बेटा झूट बोलेगा लेकिन डेटा नहीं बोलेगा

- **Exit Formalities**
  - Let relevant people know who is leaving and who will take over their responsibilities
  - Document the departure with a
  - letter of resignation or termination
  - Departing employee to provide a list of their projects and deadlines
  - Discuss and be firm on any binding agreements such as non-competes and non-disclosures.
  - Have them train their replacement or other employees who will resume their duties (do it in writing if it can't be done in person)
  - Collect all of their company equipment such as Laptop, Phone, SIM Card, ID Card, Visiting Card, Keys etc.
  - Change passwords and revoke access to systems and accounts they use
  - Arrange their final pay-check before removing them from the payroll

- **Conduct a formal Exit Interview**
  - Did the exiting employee connect with customers/clients? How will that interaction now be addressed?
  - Did the exiting employee connect with vendors, suppliers, and business partners? How will they be notified? Who will be their interim contact person?

- **Exit Interview**
  - If done properly, it is an opportunity to learn things about your organization that you might never hear otherwise
  - A departing employee is free to say what they have seen and experienced on the job without any fear
  - So, they are often willing to offer frank, constructive, and insightful feedback that you can act on to improve your organization.

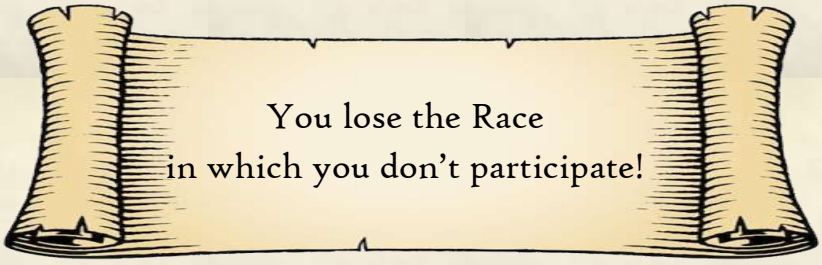
- **Exit Interview Sample Questions**
  - What made you look for another job?
  - What did you like the most and least about working here?
  - What did you think of the way you were managed?

- What would make this organization a better place to work?
- What benefits did you feel were missing from the organization?
- How would you describe the culture of our company?
- Would you recommend working here to a friend?
- Why or why not?
- If you could change anything about the organization, what would it be?
- Did you think your work goals and responsibilities were clear?
- Is there anything we could have done to make you stay?
- What are the biggest risks for our company that you see?
- What advice would you like to give to your team? To the Executive team? To the Management
- What would make this a better place to work?
- Would you ever consider working here again?
- Describe Your Best Day On The Job?
- What Was Your Worst Day On The Job Like?

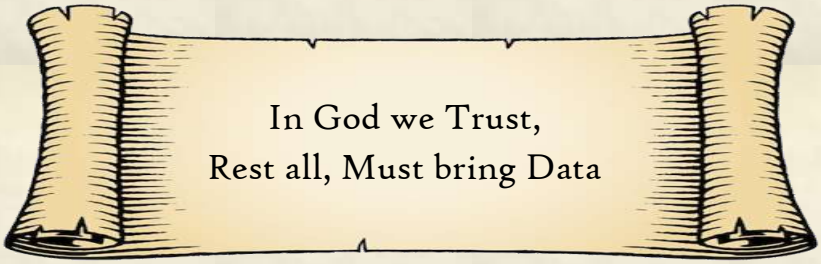
- **Exit Data Analysis**
  - Finding out the key exit reasons and patterns of attrition
  - Gaining insights on why employees quit
  - Preparing a predictive model to predict future attrition
  - Retention Rate of Stars =
    (Number of Star performers stayed during the period / Total number of star performers at the beginning of the period) * 100

How HR Can Become a Business Partner?

- Lack of sufficient technical & financial skills, in early education & career steps like reading Balance Sheet.
- Lacking strong Business Acumen - Normally seen in Finance & Business Development Functions
- Difficulty in Quantifying HR's Impact on P/L Account - Functional Achievements are difficult to highlight
- Seemed as not well-groomed for business leadership- Perceived as an essential support function
- Business Leadership is looking forward - Forecasting - In HR Function - Mostly Lagging Scores not Leading Scores



- **Equality is a Death Knell**
  - Traditionally HR spends most of its time on "trouble employees" rather than on top performers.
  - Top performers have higher impact on the firm



- **Changing Role of HR**
  - HR should become a partner with senior and line managers in strategy execution & helping to move planning from the conference room to the marketplace.

- **Profitability through Growth**
  - Downsizing | reengineering | de-layering | consolidation to increase efficiency and cut costs.

- **Technology**
  - They will need to stay ahead of the information curve and learn to leverage information for business results.
